The water frontage is owned to the high-water mark and extensive supporting wall work has been completed along the shoreline. Consider this property the ideal location to build your dream cottage or home with unlimited possibilities. Until your plans are made, enjoy the rustic log 3 season cottage built in 1948, full of charm and historic character. There is a large garage with loft and outer buildings to complete the package. We believe this to be one of the best waterfront properties available for sale on the Bruce Peninsula. Come and view the endless possibilities and make your dreams come true.
